### **How It Works . . .**

When calling **NVB Telebank** for the first time, please have your social security number and bank account number(s), which appear(s) on your statement(s) or coupon book(s) in front of you. From a touch tone telephone call one of our special **NVB Telebank** numbers:

<b>Maryville</b>	<b>660-562-7272</b>
<b>St. Joseph</b>	<b>816-364-4455</b>
<b>Savannah</b>	<b>816-324-6868</b>

A choice of services will follow.

Initially, the last four digits of your social security number will automatically be your personal access code. You may change it to any code you choose, using up to six digits, on your first call or anytime in the future.

Don't worry if you make an error . . . and don't hang up. **NVB Telebank** will allow you to enter the system again automatically.

**Customer service representatives** are available for further assistance from 8:00 a.m. to 5:00 p.m. Monday thru Friday by pressing "0" at any time during your call.

### **Confidentiality and Security . . .**

remain our two most important services. **NVB Telebank** utilizes state-of-the-art equipment, which provides voice response from our computerized records.

Information in this system remains confidential because it is obtainable **only** with a personal access code **which you determine**. No one else can access your account information without your personal access code.
